

Smart growpot: Maisie bud

iGrowpot Maisie bud—Function

- ✓ Starting from seeds, vegetables, herbs, flowers, etc., grow more than 5 times faster than soil.
- ✓ It is especially suitable for vegetables such as tomatoes, mint, basil, lettuce, etc., up to 8".
- ✓ High yields, good taste.
- ✓ Grows in water, not soil - advanced hydroponics made simple, clean, no pollution.
- ✓ Easy, because it is hydroponics, only need to add water when you hear the alarm sound of insufficient water.
- ✓ Easy to use touch button to achieve optimal planting methods.
